F – VENUES, FACILITIES & MATCHES

- F1 All matches in the Under 20 Development League must be played at a ground which has a playing surface and changing accommodation that has been approved and accepted by the Scottish Lowland Football League.
- F2 Clubs must also ensure that there is a barrier between the pitch and spectators, this can be in the form of a permanent barrier or an area for spectators roped off. Failure to comply with this will result in spectators watching the match from outside the playing area if the pitch is caged off.
- F3 Clubs will be required to designate the ground for their home matches, and this cannot be changed without the prior approval of the League.
- F4 In cup ties Clubs may give up their choice of venue to their opponents but in league matches or sectional league cup matches a Club cannot play their home match on their opponent's ground.
- F5 The Fixture Secretary shall have power to arrange matches as deemed necessary. Matches will be scheduled for and will normally be played on a Friday night. However, and with the mutual agreement of both Clubs and the League they may move the date of any match to any date up to the Wednesday of the following week. Any such request should be made to the Fixture Secretary who will then liaise with the sub-committee whose decision will be final and binding.
- F6 Matches will kick-off at a time as intimated by the Fixture Secretary. However, provided both clubs agree it is permissible to change the kick-off time subject to the approval of the Fixture Secretary. The home club will be responsible for confirming match details to their visitors and the referee at least four days before the match is due to take place.
- F7 Referees shall be appointed by The Scottish Football Association. The match fee and travelling expenses for the referee shall be as per the current East of Scotland Football League rates and will be

paid by the home Club. Where Assistant referees are appointed, they will be paid the current East of Scotland Football League rate again by the home Club who can then recover half of this from the visitors.

- F8 In the event of the home club not notifying the match referee of any change in the arrangements for a match or its postponement and they travel to the venue they will be entitled to receive half of their match fee plus expenses from the Home Club.
- F9 All Clubs shall be required to appoint an Under 20 Development Co-ordinator who will act as the principal point of contact for all administrative matters relating to the Under 20 Development team. Additionally, Clubs should nominate one person to act as a deputy should the Development Co-ordinator be unavailable.
- F10 All matches shall be played in the terms of the Laws of the Game as recognised by the Scottish Football Association Limited.

- F12 A team shall consist of eleven players and is permitted to list up to a maximum of seven (7) substitutes of whom not more than five (5) may take part in the match.
- F13 If any of the players listed to start the match on the Official Team Line is not able to start the match due to unexpected physical incapacity or other extreme circumstances (which are explained to, and accepted by, the referee), he may only be replaced by one of the named substitutes. The substitute(s) in question may then only be replaced by an eligible player(s) not originally on the Official Team Line as signed, so that the quota of substitutes is not reduced. During the match, three players may still be substituted.
 - a) If for any reason changes require to be made to the Official Team Line (and the said changes are accepted by the match official) then the Club must notify its opponent and if appropriate the press immediately thereafter.
 - b) If any named substitutes listed on the Official Team Line is not able at the start of the match to be fielded due to unexpected physical incapacity or other extreme circumstances (which are explained to, and accepted, by the referee), he may only be

- F14 The league competition shall be played on a home and away principle, three points for a win and one for a draw. At the end of each season, the Club with the highest points total in each division (if there is more than one division) will be declared champions of their respective division, 'goal difference' and 'goals for' to decide where necessary.

If two or more Clubs are equal in goal difference the Club scoring the highest number of goals shall be declared the winners. If all three of 'points', 'goal difference' and 'goals for' are exactly the same the respective championships will be decided by the aggregate results of the 'head to head' matches between the Clubs concerned in the league competition during the season and if there is still a tie a play-off will take place between the Clubs concerned at a neutral venue over ninety minutes followed by penalty kicks if necessary to decide a winner.

The cost of Officials, Ground Rent, Catering etc., for the play-off will be met from the gate receipts and any surplus thereafter will accrue to the Under 20 Development League.

- F17 Any decision to declare a ground unplayable must, where possible, be made by a qualified, practicing Referee.

- F20 The maximum number of occupants of the Technical Area will be twelve including substitute players. All occupants of the Technical Area (except substitute players who must be clearly indicated in the team section) must be named and their designation shown in a separate section of the team line, and each must have a clearly defined reason for being therein.
- F21 Twenty (20) players and one (1) manager of the conference winning team will be presented with mementoes which shall be of a quality and pattern approved by the Under 20 Development League. Clubs may apply to the Under 20 Development League to purchase additional mementoes if they so desire.
- F22 The conference (s) winning team will be presented with a Trophy to be held for one year. The trophy must be returned at least one month before the last league match of the following season is due to be played, in good order and condition. On no account should any engraving to, or alteration of, the Cup be undertaken by any Club, this will be the responsibility of the Under 20 Development League which will then invoice the winning Club as appropriate.
- F23 The Scottish Football Association will deal with all disciplinary matters in relation to field offences by players and other misconduct reports submitted by referees.
- F24 When a Club intends to lodge a protest they must do so by writing to the Secretary by recorded delivery letter within three days of the playing of the match (Sunday not included) and at the same time send, also by recorded delivery, an exact copy of the protest to the Club protested against.
- The protest to the Secretary should include a deposit of £100 which may be either wholly or partially retained as the sub-committee think fit and the sub-committee shall have the power to order either Club to pay such sum towards defraying the expenses incurred and take such action as they deem fit.
- F25 Any objection to the ground, goal posts, crossbars or other appurtenances of the game must be intimated to the referee and

Secretary or other recognised official of the opposing team prior to the start of the match. The Home Club shall be responsible for ensuring compliance with Law 1 of the Laws of the Game – The Field of Play.

- F26 Any Club which refuses or fails to play an allocated fixture will be reported to the sub-committee they make take such action as they deem appropriate.
- F27 In all cases where a match does not take place as allocated by the Fixture Secretary, except where it is not played because of an unplayable pitch, both Clubs are required to submit their comments to the Fixture Secretary, in writing, as to why the match did not take place within three days of the appointed dated of the match.
- F28 Any club, official, player or other person, who is found to be in breach of any of these rules shall be liable to disciplinary action.
- F29 The home Club must confirm details of the fixture, colours, travel directions and kick-off time with both the visiting club and the match referee at least four days prior to the date of the match.
